

BULLARD WASH CHANNEL IMPROVEMENTS - PHASE II

Natural

- Character based solely on the desert itself
- Interpretive stations describing how the desert works as a unique ecosystem
- Descriptions for visitors of what the function of Bullard Wash is and what role it plays in the larger picture, involving perhaps both urban and natural areas

Formal

- Arrangements of plant material and hardscape elements and structures
- Botanical aspects, that educate visitors about native and exotic plant materials and how to care for and grow such species

Recreational

- Athletic fields, courts, and play areas
- Additional parking and perhaps a greater number of constructed facilities than passive parks
- Turf open space for “pick-up” games of football and soccer
